Controlled Substance Act

Award recipients are prohibited from using federal funds to support programs or activities that violate the Controlled Substances Act, 21 U.S.C. § 801, et seq, regardless of local or state practices or laws.

Programs or activities funded under a BJA ATC award must ensure that participants are tested periodically for the use of controlled substances, including medical marijuana. See 34 U.S.C. § 10611, et seq.

Violent Offenders Prohibition

(a) IN GENERAL
Except as provided in subsection (b), in this subchapter, the term “violent offender” means a person who—

(1) is charged with or convicted of an offense that is punishable by a term of imprisonment exceeding one year, during the course of which offense or conduct—
   (A) the person carried, possessed, or used a firearm or dangerous weapon;
   (B) there occurred the death of or serious bodily injury to any person; or
   (C) there occurred the use of force against the person of another, without regard to whether any of the circumstances described in subparagraph (A) or (B) is an element of the offense or conduct of which or for which the person is charged or convicted; or

(2) has 1 or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm.
Under the Drug Court Discretionary Grant Program authorization, BJA funds may not be used to serve persons who are “violent offenders.” (34 U.S.C. § 10613). This prohibition applies only to programs or activities that are funded by the BJA grant award, including match funds contributed by the grantees.

A person who is presently charged with an offense as described in 34 USC 10613(a)(1) would be ineligible to participate.

Disqualifying convictions are only those convictions indicated in 34 USC 10613(a)(1) that occur after the initiation of proceedings that led to the person’s consideration to participate in the drug court program, whereas 34 USC 10613(a)(2) only speaks to convictions as described therein that occurred prior to the initiation of those proceedings.
Violent Offenders Prohibition

**Note:** Not included in the violent offender definition is a person whose charges are dropped or reduced to a nonviolent offense or charge, a conviction punishable by less than 1 year in incarceration, and/or a prior felony arrest even if the offense involved the threat or use of force or illegal use, possession, or carrying of a firearm or dangerous weapon.

**Note:** Grantees may use, and are encouraged to use, other funds for their treatment court programs and serve these participants using those other funds. Grantees must be able to track these expenditures to ensure the separation of funds. Documentation must be maintained to show to an auditor if necessary.
Poll Question 3:
Has the violent offender prohibition impacting your treatment court’s ability to accept new program participants by an answer of Yes or No?
Poll Question 4:
For a response of Yes to question 3, please rate the impact on a scale from 1 to 10 (10 being most impacted).
Follow these tips to avoid the most common mistakes:

• **JustGrants:** Please carefully read the “How to Apply” instructions linked in the solicitation and give yourself plenty of time to complete the grants.gov and JustGrants submissions by the established deadlines.

• **SF-424/UEI/SAM:** Make sure the correct UEI # is entered in the SF-424 and that it is registered in SAM. The specific agency registered under this UEI # in SAM will be responsible for submitting the full application in JustGrants and administering the award if it is funded.

• **SF-424/Applicant Information/Budget:** The federal request amount is the total grant award you are requesting, and it must be reflected in the JustGrants applicant information and the budget. The total project cost entered in the budget must include federal and non-federal costs.

• **Budget/Allowable Costs:** Do not include any of the prohibited costs listed on page 12 of the solicitation.
• **Budget/Subawards versus Procurement Contracts**: You should carefully review the OJP Grant Application Resource Guide (linked in the solicitation) subsection titled “Information on Proposed Subawards (if any) and Proposed Procurement Contracts (if any)” and the resources linked to therein to ensure you properly categorize your costs in these sections.

• **Budget/Match**: Every line item in the budget should be identified as either federal or non-federal. All non-federal (match) cost items must meet the same allowability guidelines as federal costs. As noted earlier, do not include excessive match over the 25% requirement in the budget.

• **Application Attachments/General**: Follow the instructions exactly in the “Application and Submission” section beginning on page 14. It is helpful for reviewers if you upload each required attachment as a separate file named/numbered to match the solicitation. If you combine files, please include a table of contents.
Application Attachments/Common issues:

• The disclosure of pending applications is required for all applicants and is completed in JustGrants.
• The Research and Evaluation Independence and Integrity Statement attachment is required if you are proposing to use federal funds to pay an outside evaluator.
• The Timeline web-based form must indicate the number of program participants to be served quarterly to demonstrate how the total number of anticipated participants will be served before the end of the grant period. This form is completed in JustGrants.
1. Check all of the resources linked in the RFP
2. Use scoring criteria as a general guide for how many pages to devote to each section
3. Don’t wait until the deadline to apply
4. Go back and review the budget after completing the narrative.
5. Focus on attachments (Time Task Plan!)
6. PDF everything!
Common Mistakes

- Not responding to all of the requested information
- Failed to submit all required documents (Abstract, Narrative, Budget, and Time Task Plan)
- Failed to draw connection between statement of the problem and the program design
- Not providing the requested information in relevant section where peer reviewers could easily locate it
- Failed to draw the connection between the proposed budget and the programmatic activities
- Inconsistencies within proposal – different writers by section
- Did not provide specific measurable targets for performance measures
If Unsuccessful

• Always ask Agency to provide comments
• Keep prior proposals and comments (*although different review panel each time*)
• Ask Agency what other services can be provided such as:
  • Training and Technical Assistance (T/TA)
  • Capacity Building
  • Scholarships for Conferences/Trainings
• Ask Agency for copies of successful applications
• Serve as peer reviewer
